Worship guidelines: Our worship service is an opportunity for members of our church family to practice the gifts of the Holy Spirit in a loving, safe, and mutually beneficial way. When you feel the Spirit's leading to share a scripture, prayer, or testimony, we invite you to express it at any appropriate time. Should you have a prophetic word or song, please check in first with a pastor to get their sense of whether it is for the whole congregation and appropriate for the service. If your message comes in the first person, we ask that you preface it with something like, "This is my sense of what the Lord is saying..." When someone is directed to share in tongues for all gathered, we expect God will also provide an interpretation and will pause the service to wait for it, so that all may benefit. We may also take time during the service to consider together what was shared. May God have His way with us! Calvary Chapel Elders.
